

## BUCKETS BY THE BEACH BASKETBALL CAMP

At Buckets by the Beach Basketball Camp players are shown the significance of fundamental skills. Through fun, age appropriate techniques and repetitive drills we'll help campers put together a solid practice routine. Players are trained to build their skills, whether practicing with the team or by themselves. Campers are taught self-discipline and the meaning of giving 100% at all times. Competitions are designed to be challenging to all skill levels while remaining friendly. There is also a strong emphasis on teamwork. For this reason, Buckets by the Beach Camp has been a popular training ground for players of all ages throughout the region. Camp attendance is capped to provide maximum fun and a good learning experience for all players.
